Mod Title: Align TPD Section Y (Part A-I) to the National Grid Licence in respect of the NTS

Proposer: Laura Johnson, National Grid NTS

Panel Date: 15 April 2021

Why change?

- Material changes to the NGG Licence, which took effect from 01 April 2021 (start of the RIIO2 period), has resulted in a quantity of changes to the numbering of individual Licence Conditions and revisions to a number of defined terms. This means that a number of the cross references and references to NGG Licence terms in UNC TPD Y Part A-I are now incorrect.

Solution

- Amendments to the references within UNC TPD Section Y (Part A-I) which link to the NGG Licence:
 - UNC TPD Y A-I 1.1.2 removal of reference to Standard Condition 4C
 - Revenue terms aligned to RII02 NGG Licence terms in UNC TPD Y A-I 1.3.1
 - UNC TPD Y A-I 1.3.2.(e) – Storage Site Point definition link
 - UNC TPD Y A-I 1.3.2. (f) – LNG Importation Terminal point definition link
 - UNC TPD Y A-I 1.3.2. (j) – link to Standard Special condition in the Licence

Recommended Steps

- The Proposer recommends that this modification should be:
 - Subject to Fast Track self-governance because it is housekeeping change to remove ensure the references and defined terms within UNC TPD Section Y (Part A-I) are aligned to the RIIO2 NGG Licence.
