October 27th 2004 Modification Proposal 714

Dear Richard,

Thank you for inviting us to comment on this modification proposal. RWE npower supports the implementation of modification proposal 0714.

As Ofgem developed the principle of Good Governance and as these Principles of Good Governance are based on that earlier work, it seems to make good business sense to extend those principles to Section Y. We are pleased that Transco at least supports the intent behind this modification proposal, but are disappointed that this support does not seem to be wholehearted.

We consider that this proposal if approved by Ofgem should be implemented at the earliest opportunity.

We hope that these views are constructive and would be happy to discuss the issues further.

Yours sincerely

Simon Howe
