Response to UNC Modification Proposal 0019 Amendment of Network Entry Provisions at ConocoPhillips sub-terminal at Theddlethorpe to align with Transco's 10 Year Statement

Dear Tim

E.ON UK supports implementation of the above proposal. We are in favour of the proposed changes to enable the economic and efficient delivery of new gas supplies at Theddlethorpe. We agree with the proposer that the proposal would secure greater flexibility in the operation of the sub-terminal and allow additional, proven gas fields to be economically developed, thus enhancing security of supply.

Yours sincerely
