**Response to UNC Modification Proposal 0051 Clarification of
requirement for flows at DN Offtakes on low demand days**

Dear Tim

E.ON UK supports this proposal. This proposal will better facilitate relevant objective A11.1 (a) and (b) through the avoidance of substantial unnecessary investment on either the NTS or the DNs and allowing NG NTS and DNOs to operate their networks as they were originally designed to do.

Yours sincerely

Christiane Sykes
