Response to UNC Modification Proposal 075 Proposal to amend Annex A Part 8 of the CSEP NExA by replacing the current version of the AQ Table with a revised Table to account for movements in AQ values as a result of the AQ Review 2004/5

Dear Tim

E.ON UK supports this proposal. We agree with the proposer that implementation of this Proposal should help to ensure that the AQ values related to CSEPs are more accurately recorded, such that Transportation Charges are more appropriately apportioned and levied.

Relevant objective A11.1 (d) (i) the securing of effective competition between relevant shippers, will be better facilitated through improving cost reflectivity.

Yours sincerely
