**Response to UNC Modification Proposal 078 Variation / Withdrawal of  
a Modification Proposal**

Dear Tim

E.ON UK supports this proposal. This proposal will better facilitate the relevant licence objective A11.1 (f) the promotion of efficiency in the implementation and administration of the network code and/or the uniform network code, through introducing greater flexibility into the UNC governance regime. Giving the Panel the ability to vote on whether a variation is or is not material and consequently whether re-consultation is necessary, will facilitate more timely implementation of changes to the UNC.

Yours sincerely
