### **Mod 088 "Extension of DM service to enable Consumer Demand Side Management"**

Dear Julian,

I write on behalf of the RWE npower group of companies. We believe that whilst this is a relatively simple concept, the solution will prove to be complex, as it will encompass a number of Transporter and Shipper processes. We therefore support the proposer's recommendation that this matter should be developed through a Work Group, reporting back to the Mod Panel. We will support the Work Group as much as possible within the constraints of our own business requirements.

Yours sincerely,

Simon Howe.  
Gas Network Codes Manager
