Dear Julian

**Modification Proposal 0089**

Thank you for providing Scottish and Southern Energy plc (SSE) with the opportunity to comment on the above modification proposal.

SSE is supportive of the proposal.

SSE agree that:

- Shipper AQ revisions should be accepted up to 30 business days after the initiation of the Provisional AQ calculation to enable Xoserve to complete an initial calculation for all supply points.
- And for Xoserve to inform shippers of the Provisional AQ calculation commencement date.

Implementation of the mod should promote efficiency in implementation and administration of the UNC.

Yours sincerely

Jeff Chandler
