51 Homer Road
Solihull
B91 3QJ

Dear Julian

Modification Proposal 0093

Thank you for providing Scottish and Southern Energy plc (SSE) with the opportunity to comment on the above modification proposal.

SSE is supportive of the proposal.

SSE agrees that the Network Entry Provisions for the Bacton Interconnector should be amended to the upgraded ranges of 86,765- 3,500,00 Nm³/hour and 3,375,139 - 140,000,000 MJ/hour for volume flow and energy flow rates respectively.

This change will ensure that additional gas will be able to flow into the UK, thereby, mitigating the risk of excessive gas price and assisting security of supply.

Yours sincerely

Jeff Chandler
Energy Strategy
