Dear Julian,

Representation for Modification Proposal 0102 "Removal of Failure Notices in respect of Energy Balancing Credit"

On behalf of RWE npower, I would like to thank you for the opportunity to respond on Modification Proposal 0102. RWE npower support the implementation of this modification proposal.

RWE npower agree with the proposer that by reducing the lapse time period between the issuing of failure notices and convening of EBCC meetings to determine whether or not to issue Termination Notice to defaulting Users, the community may be prevented from an unnecessary and avoidable potential financial exposure as a result of Energy Balancing Credit Risk.

RWE npower believe that by amending the UNC to reflect a reduced waiting period, it minimises further indebtedness of the defaulting User and also help to safeguard the interest of the community.

Should you like to discuss the above please do not hesitate to contact me

Yours sincerely,

Simon Howe
Gas Network Codes Manager
