Dear Julian,

Modification Proposal 0102 - “Removal of Failure Notices in respect of Energy Balancing Credit”

Total Gas & Power Limited supports the above modification proposal.

Restricting National Grid NTS’ ability to procure additional security to cover a User’s outstanding liabilities increases the possibility of bad debt being incurred. The mandatory lapses contained within the UNC create unnecessary delays for little practical benefit. We therefore support the removal of these waiting periods.

Please feel free to contact me on the number below if you wish to discuss our response in more detail.

Yours sincerely,
