**Re: UNC Modification Proposals 0132 “Clarification of Supply Point Confirmation
Notice Requirements for Certain Special Metering Supply Points”**

Dear Julian

Thank you for the opportunity to comment on the above UNC Modification Proposal. I can confirm that Wales & West Utilities (WWU) support its implementation.

We agree with the Proposer that the current wording used in UNC TPD Section G 2.5.8(c) is misleading and may not reflect the original intention of this part of Code. Implementation of this modification will give greater clarity on the requirements for Supply Point Confirmations (as detailed in UNC TPD Section G 2.5.8(a) & 2.5.8(b)) and ensure that only Special Metering Supplying Points are subject to the two month notice period.

If you have any questions regarding this Modification Proposal Representation please do not hesitate to contact me.

Yours sincerely

Simon Trivella
