6 July 2007

Dear Julian,

Re: Code Modification Proposals 0153 Amendment of Interconnector UK's Network Entry Provisions

Statoil (UK) Ltd (STUK) supports this proposal as it should ensure that the flow data in Interconnector UK Ltd's (IUK) Interconnection Agreement (IA) is correct; this should, in turn, ensure that the delivery of additional gas supplies to the UK are not hindered, thereby facilitating security of supply.

STUK welcomes amendments of IUK's Entry Provisions, through raising a UNC Modification Proposal as this provides an open and transparent process, which gives Users the opportunity to respond to changes, which may affect their operations.

Yours sincerely

Christiane Sykes
UK Regulatory Affairs Manager
Statoil (UK) Ltd
