Dear Julian,

Modification Proposal 0184

Thank you for providing Scottish and Southern Energy plc (SSE) with the opportunity to comment on the above modification proposal.

SSE is supportive of modification 0184 – Requirement for Partial Non-Business Days for the Purposes of the UK Link Technology Refresh Project and the technical enhancements this project is aiming to deliver.

One minor point is that it is not absolutely clear whether Conquest will be available or not (probably not) during this period. Xoserve are due to come back by the next UK Link Committee with confirmation. This doesn't change SSE's view on the Modification, its just a matter of knowing what the situation is.

.

Yours sincerely

Martin Brandt
