Dear Julian,

Modification Proposal 0191

Thank you for providing Scottish and Southern Energy plc (SSE) with the opportunity to comment on the above Modification Proposals.

SSE is supportive of proposal 0191.

Following issue of the variance request, SSE believes that removal of the Code Credit Rules references from the UNC will have no material impact on the UNC in respect of transportation credit and security. The discontinuance of the Code Credit Rules will ensure that there is no conflict or divergence from the UNC within the documents published by each Transporter. This will assist in the efficient running of the UNC and ultimately the transport network.

Please do not hesitate to give me a call if you wish to discuss this further.

Yours sincerely

Jeff Chandler
