Dear Julian,

Modification Proposal 0204: Amendment to the calculation of WCF

Thank you for providing Scottish and Southern Energy plc (SSE) with the opportunity to comment on the above Modification Proposal.

SSE is supportive of proposal 0204.

In agreement with the proposer, SSE believes that the improvement in the allocation profiles will ensure that energy is allocated more accurately on the original commodity invoice and minimise movement of energy between market sectors through reconciliation. Therefore, implementation of this Modification Proposal could better facilitate Standard Special Condition A11.1 (d): the securing of effective competition

- (i) between relevant shippers;
- (ii) between relevant suppliers;
- (iii) between DN operators

Please do not hesitate to give me a call if you wish to discuss this further.

Yours sincerely
