Re: UNC Modification Proposal 0210 “Implementation of DNPC03 (LDZ System Charges - Capacity/Commodity Split and Interruptible Discounts), the Alignment of Failure to Interrupt Charges and the Alignment of the IFA Charge”

Dear Julian

Thank you for the opportunity to comment upon this Modification Proposal, as the Proposer I can confirm that we are fully **supportive** of its implementation.

We are aware that a few issues have been raised in Representations that have been published today. We intend to take the opportunity to consider the points that have been raised and we will respond to these separately, we will ask the Joint Office to publish the response and for it to be considered by the Authority if necessary.

Yours sincerely
