**Re: UNC Modification Proposal 0225 “Revised Timescales for LDZ Shrinkage Arrangements”**

Dear John

Thank you for the opportunity to comment upon this Modification Proposal, as the Proposer I can confirm that we are **fully supportive** of its implementation. We have nothing further to add to our justification for its implementation that is contained within the Modification Proposal.

We have not been made aware of any issues relating to the nature, intent or implementation of this Modification Proposal. If any issues do arise in Representations we would be more than happy to discuss this at the Modification Panel or directly with the Authority.

Yours sincerely
