Dear John,

RE: Modification Proposal 0239 "Reinstatement of NTS interruption"

Thank you for the opportunity to comment on this proposal. British Gas supports its implementation.

This proposal presents the least disruptive and most economically efficient solution to assist National Grid to manage NTS constraints during the gas year 2011 – 2012.

We agree that the proposer has accurately captured the effects of this proposal on the relevant objectives.

Should you have any queries with regard to this response please do not hesitate to contact me.

Yours sincerely,

Chris Wright
Commercial Manager
