Proposals raised to implement the Industry Codes Governance Review**

Dear Bob

Thank you for your invitation seeking representations with respect to the above Modification Proposals, variations in respect of which were tabled at the October 2010 UNC Modification Panel. Having considered the variations National Grid Gas (Distribution) ("NGD") supports implementation of all the Proposals for the reasons outlined in our original representation dated 11 October 2010.

Accordingly, NGD believes that principally, implementation of all the Proposals would better facilitate the relevant objective of the efficient discharge of the licensee's obligations under the licence. This specifically relates to the new licence provisions within Standard Special Conditions A5 and A11 which will become effective from 31 December 2010.

Please contact me on 01926 653541 (chris.warner@uk.ngrid.com) should you require any further information.

Yours sincerely,

Chris Warner
