#### Do you support or oppose implementation?

Support

#### Please summarise (in one paragraph) the key reason(s) for your support/opposition.

RWEnpower believes that a robust method of control is needed around the AQ Review process to ensure that all Shippers fulfil their responsibilities to the market. A range of compliance measures should be considered to introduce an element of Performance Assurance for high value market processes. This Modification will assist in identifying where anomalies occur and encourage shippers to address them.

#### Are there any new or additional issues that you believe should be recorded in the Modification Report?

No

#### Relevant Objectives:

*How would implementation of this modification impact the relevant objectives?*

Detailed reporting of AQ performance may act as a potential deterrent to commercial misuse of the process, therefore aligns with the relevant code objectives d.) and f.)

d) Securing of effective competition:

(i) between relevant shippers;

(ii) between relevant suppliers; and/or

(iii) between DN operators (who have entered into transportation arrangements with other relevant gas transporters) and relevant shippers.

f) Promotion of efficiency in the implementation and administration of the Code.
