Do you support or oppose implementation?

Qualified Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

Distributed gas entry points are required by the industry, along with the associated charging arrangements. However the change proposal needs to itemise the impact on Supplier/Customer LDZ transportation charges.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No.

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

We agree with the reasons given in the proposal.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

We are not aware of any.

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

The distributors will need sufficient notice to ensure that all IT changes are identified and addressed.

Legal Text:

Are you satisfied that the legal text [and the proposed ACS (see www.gasgovernance.co.uk/proposedACS)] will deliver the intent of the modification?

Is there anything further you wish to be taken into account?

Please provide any additional comments, supporting analysis, or other information that that you believe should be taken into account or you wish to emphasise.

No.
