Do you support or oppose implementation?

We SUPPORT implementation

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

We believe the economic climate remains difficult and consumers should be protected from unnecessarily high transportation charges as a result of unreasonably restrictive Bottom Stop SOQ requirements

Are there any new or additional issues that you believe should be recorded in the Modification Report?

There are NO new issues we wish to add

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

As stated in the modification proposal

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

We note costs are indicated to be minimal administrative costs

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

We believe the modification should be implemented as soon as reasonably practicable to allow access to the Capacity Reduction Window which finishes on the 31st January 2012

Legal Text:

Are you satisfied that the suggested legal text will deliver the intent of the modification?

We have not identified any issues with the proposed text.

Is there anything further you wish to be taken into account?
