Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

SGD supports the proposal to create a window in early 2012 to allow users to appeal the Bottom Stop SOQ and the SOQ of DN-connected DM sites. Given the current economic conditions, SGD believes that it's appropriate for an appeal mechanism to be implemented to allow customers to reduce their booked and Bottom Stop SOQ to a more accurate level for 2011/12.

Are there any new or additional issues that you believe should be recorded in the Modification Report?
