

Self-Governance Statement

0411S: Removal of the Obligation to Publish Firm Gas Monitor from the UNC

The Transporters are submitting this Self-Governance Statement to the Authority in accordance with the UNC Modification Rules.

On 19 January 2012, the Modification Panel considered Modification 0411 and determined **by unanimous vote** that the modification should be treated as a Self-Governance Modification Proposal, as it meets the criteria for Self-Governance since the information that would otherwise be published would not be useful, and withdrawing it would therefore have no material impact.

As such, the modification:

- (i) is unlikely to have a material effect on:
 - (aa) existing or future gas consumers; and
 - (bb) competition in the shipping, transportation or supply of gas conveyed through pipes or any commercial activities connected with the shipping, transportation or supply of gas conveyed through pipes; and
 - (cc) the operation of one or more pipe-line system(s); and
 - (dd) matters relating to sustainable development, safety or security of supply, or the management of market or network emergencies; and
 - (ee) the uniform network code governance procedures or the network code modification procedures; and
- (ii) is unlikely to discriminate between different classes of parties to the uniform network code/relevant gas transporters, gas shippers or DN operators.

The Proposed Self-Governance Modification Proposal Determination Date is 17 May 2012.
