Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

UNC Modification 0413S proposes to allow DNO users to reduce their Enduring Capacity flat bookings for Y+1 to Y+6 if National Grid reject or partially accept the pressure and flex capacity bookings made. As this will allow DNO users to more accurately respond to changes to pressure and flex capacity bookings SGN are in support of this modification.
