### 0417S: Notice for Enduring Exit Capacity Reduction Applications

The Transporters are submitting this Self-Governance Statement to the Authority in accordance with the UNC Modification Rules.

On 16 February 2012, the Modification Panel considered Modification 0417 and determined (by majority vote) that the modification should be treated as a Self-Governance Modification Proposal, since this is a minor change to the existing provisions which may be useful in specific circumstances for a limited number of Users, but would not be expected to have a material impact on Users or Consumers.

As such, the modification:

  - (aa) existing or future gas consumers; and
  - (bb) competition in the shipping, transportation or supply of gas conveyed through pipes or any commercial activities connected with the shipping, transportation or supply of gas conveyed through pipes; and
  - (cc) the operation of one or more pipe-line system(s); and
  - (dd) matters relating to sustainable development, safety or security of supply, or the management of market or network emergencies; and
  - (ee) the uniform network code governance procedures or the network code modification procedures; and
- (ii) is unlikely to discriminate between different classes of parties to the uniform network code/relevant gas transporters, gas shippers or DN operators.

The Proposed Self-Governance Modification Proposal Determination Date is 17 May 2012.
