Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

These are key items necessary to support the introduction of smart metering and ensure interoperability.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

Given that suppliers on a change will need to understand the type of metering on site and where to access smart metering services, this will facilitate switching and therefore supports the competition objective.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

Substantial

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

90 days

Legal Text:

Are you satisfied that the legal text will deliver the intent of the modification?

Yes

Is there anything further you wish to be taken into account?

Please provide any additional comments, supporting analysis, or other information that that you believe should be taken into account or you wish to emphasise.
