Draft Modification Report

0433S: Inclusion of the Transmission to Distribution “System Operator Agreement Guidelines” within the Offtake Arrangements Document

Consultation close out date: 07 June 2013
Respond to: enquiries@gasgovernance.co.uk
Organisation: National Grid Transmission
Representative: Dave Corby
Date of Representation: 07 June 2013

Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

We agree that the proposal provides for a more robust and efficient method for the administration of Transmission / Distribution electronic data flows and the appropriate transparency of such flows in the Code.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

None

Self Governance Statement:

Do you agree with the Modification Panel's decision that this should be a self-governance modification?

Yes

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

We agree that this proposal supports improved administration of data flows within the Code, and therefore supports Relevant Objective (f) Promotion of efficiency in the implementation and administration of the Code.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

Minor update to the processes for the IS systems support team (as recognised in the Mod).

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

We agree with the stated 16 business days as per section 6 of the Modification.

Legal Text:

Are you satisfied that the legal text will deliver the intent of the modification?

Yes.

Is there anything further you wish to be taken into account?

Please provide any additional comments, supporting analysis, or other information that that you believe should be taken into account or you wish to emphasise.

No.
