### 0461: Changing the UNC Gas Day to Align with the Gas Day in EU Network Codes

**Date referred from Panel:** 20 June 2013

#### Background – Why Change?

Please refer to [www.gasgovernance.co.uk/0461](http://www.gasgovernance.co.uk/0461)

#### Solution

It is proposed to implement changes to the definition of the Gas Day within the UNC and its associated documents to facilitate compliance with European legislative changes. In order to become compliant with the requirements of the Capacity Allocation Mechanism (CAM) European network code, the UNC Gas Day is required to align with the Gas Day as defined in the CAM code. This effectively means a change from 06:00-06:00 UTC to 05:00-05:00 UTC.

#### Topics for Discussion

- Understanding the objective
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

#### Outputs

Produce a Workgroup Report for submission to the Modification Panel, containing the assessment and recommendations of the Workgroup.

#### Composition of Workgroup

The Workgroup is open to any party that wishes to attend or participate.

A Workgroup meeting will be quorate provided at least two Transporter and two User representatives are present.

#### Meeting Arrangements

Meetings will be administered by the Joint Office and conducted in accordance with the Code Administration Code of Practice.
