Do you support or oppose implementation?

Support

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

RWE npower support this proposed modification, as we believe that this proposal will support the Security of Supply to the SINs.

By having more than one available facility in the UK, should Avonmouth experience engineering issues in the future we would support the assurance of security of supply to those connected customers.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

None

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

c) Efficient discharge of the licensee's obligations.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

None expected

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

Legal Text:

Are you satisfied that the suggested legal text (provided by Scotia Gas Networks and published alongside the Modification Proposal) will deliver the intent of the modification?

Yes

Is there anything further you wish to be taken into account?

Please provide any additional comments, supporting analysis, or other information that that you believe should be taken into account or you wish to emphasise.

No
