<b>Support or oppose implementation?</b>	Support
<b>Relevant Objective:</b>	a) Positive b) Positive c) Positive

**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

We acknowledge that the DSR methodology was consulted some time ago and that its merits are not for up for discussion. While we're unsure how much uptake there will be from industry we have actively participated in the workgroup and see DSR as a good thing. DSR will hopefully become a buffer preventing emergency cash out hitting 14 pounds/therm .

**Implementation:Implementation:** *What lead-time do you wish to see prior to implementation and why?*

ASAP.

**Impacts and Costs:** *What analysis, development and ongoing costs would you face?*
