

Representation - Draft Modification Report 0516S
Information provision by large
Customers to aid understanding of site characteristics

Responses invited by: 24 April 2015

Representative:	Tim Hammond
Organisation:	Corona Energy
Date of Representation:	24 April 2015
Support or oppose implementation?	Support
Relevant Objective:	a) Positive b) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

For a demand side response activity it is vital that the gas transporters have the correct customer information and consumption profiles to allow the gas networks to manage local and national emergencies. The modification should also allow larger customers to provide accurate emergency contact details.

Self-Governance Statement: *Please provide your views on the self-governance statement.*

We agree with self-governance.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

We believe implementation should be made soon as the modification has been agreed.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

Minimal impact and costs on Corona Energy.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

We have not reviewed the legal text.

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

No.

Please provide below any additional analysis or information to support your representation

Corona Energy has no further material or analysis to submit.
