| Representative: | Mark Jones |
| Organisation: | SSE Supply |
| Date of Representation: | 12 May 2015 |
| Support or oppose implementation? | Support |
| Relevant Objective: | f) Positive |

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

This transitional modification is required in order to successfully implement the Project Nexus requirements. We believe that this modification sets out those transition arrangements that have been developed by The Project Nexus Workgroup, and which are necessary in order to move from the pre Nexus arrangements to the post Nexus arrangements.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

This modification must be implemented in line with the main Project Nexus go live date.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

No significant costs identified as the requirements are part of the Project Nexus implementation.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes.

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

None identified.

Please provide below any additional analysis or information to support your representation
