

Representation - Draft Modification Report 0535

Implementation of Non Effective Days to enable Annual AQ Review (independent of Nexus transition)

Responses invited by: **12 June 2015**

Representative:	Edward Hunter
Organisation:	RWEnpower
Date of Representation:	12 th June 2015
Support or oppose implementation?	Support
Relevant Objective:	d) Positive f) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

To facilitate the 2015 AQ review this modification is required to ensure that the large volume of data needed for the review is processed effectively. Without this modification significant risk is posed to the quality of data displayed within Gemini which may further impact on Gas Shipper's energy balancing positions.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

RWEnpower needs 3 months lead-time to effect system changes required to support this modification.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

There is the potential for minor costs to support system changes.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

None identified

Please provide below any additional analysis or information to support your representation

None
