

Workgroup Terms of Reference

0553 – Removal of National Grid LNG Storage UNC TPD Section Z obligations and associated cross references

Date referred from Panel: 20 August 2015

Background – Why Change?

Please refer to: <http://www.gasgovernance.co.uk/0553>

Solution

The modification proposes to remove existing UNC TPD Section Z obligations on National Grid LNG Storage and remove in entirety Section Z: National Grid LNG Storage Facilities. Throughout UNC TPD there are references to National Grid LNG Storage and Section Z that will require amendment or removal as part of housekeeping and these amendment proposals are also part of this proposal. The modification will also include a new provision to allow National Grid LNG Storage to deal with any gas left in storage by Users during the decommissioning process.

Topics for Discussion

- Understanding the objective
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

Outputs
