0575R – Consider the Performance Assurance Reporting Requirements for Transporters

Date referred from Panel: 17 March 2016

Background – Why Change?

Please refer to: <http://www.gasgovernance.co.uk/0575>

Solution

It is proposed that Transporter, Shipper and the Transporters' Agent performance should be subject to performance monitoring to understand activities that impact on settlement accuracy (potentially with a view to incentivising performance), including the potential risks to settlement accuracy post delivery of Project Nexus.

Topics for Discussion

- Understanding the objective and scope of the review;
- Assessment of alternative means to achieve objective;
- Understanding any impacts on the Switching SCR;
- Assessment of potential impacts of any associated modification(s) included with the report;
- Assessment of implementation costs, and
- Assessment of legal text (if any).

Outputs

Produce a Request Workgroup Report for submission to the Modification Panel, containing the assessment and recommendations of the Workgroup and an assessment of any attached modification(s).

Composition of Workgroup

The Workgroup is open to any party that wishes to attend or participate.

A Workgroup meeting will be quorate provided at least two Transporter and two User representatives are present.

Meeting Arrangements

Meetings will be administered by the Joint Office and conducted in accordance with the Code Administration Code of Practice
