<b>Support or oppose implementation?</b>	Support
<b>Relevant Objective:</b>	d) Positive f) Positive

#### Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

SGN support this modification as it facilitates the delivery of Project Nexus and creates an efficient asset management approach, by way of creating backstop arrangements in the absence of a meter reading being provided by the User.

#### Implementation: *What lead-time do you wish to see prior to implementation and why?*

The modification is required in advance of the Project Nexus Implementation Date.

#### Impacts and Costs: *What analysis, development and ongoing costs would you face?*

Costs may be incurred as part of the wider Project Nexus funding arrangements.

#### Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes

#### Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

No

**Please provide below any additional analysis or information to support your representation**
