

Workgroup Terms of Reference

0595S - Amendment to the Arrangements between National Grid NTS and GNI at the Moffat IP to provide for Interruption of Virtual Reverse Flow

Date referred from Panel: 15 September 2016

Background – Why Change?

Please refer to www.gasgovernance.co.uk/0595

Solution

It is proposed that this is an enabling modification. Gas Networks Ireland (GNI) has requested a change to the terms of the Tripartite Agreement between National Grid, GNI (UK) and GNI in respect of the Interconnection Point (IP) Nominations arrangements at Moffat. The agreement needs to be brought into line with the already implemented arrangements for interruption of the within-day Virtual Reverse Flow (VRF) capacity entitlements.

Topics for Discussion

- Understanding the objective
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

Outputs

Produce a Workgroup Report for submission to the Modification Panel, containing the assessment and recommendations of the Workgroup.

Composition of Workgroup

The Workgroup is open to any party that wishes to attend or participate.

A Workgroup meeting will be quorate provided at least two Transporter and two User representatives are present.

Meeting Arrangements

Meetings will be administered by the Joint Office and conducted in accordance with the Code Administration Code of Practice
