

Workgroup Terms of Reference

0597 – Implementing CGR3 decisions on Significant Code Reviews and self-governance

Date referred from Panel: 20 October 2016

Background – Why Change?

Please refer to <http://www.gasgovernance.co.uk/0597>

Solution

Following the introduction of EU network code 984/2013 on Capacity Allocation Mechanisms (CAM) into the Uniform Network Code (UNC) - via Modification 0500 - there is no current process for releasing and acquiring incremental capacity at Interconnection Points (IPs). This Modification will introduce a framework and rules into the UNC to enable the release of incremental capacity at Interconnection Points.

Topics for Discussion

- Understanding the objective
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

Outputs

Produce a Workgroup Report for submission to the Modification Panel, containing the assessment and recommendations of the Workgroup.

Composition of Workgroup

The Workgroup is open to any party that wishes to attend or participate.

A Workgroup meeting will be quorate provided at least two Transporter and two User representatives are present.

Meeting Arrangements

Meetings will be administered by the Joint Office and conducted in accordance with the Code Administration Code of Practice
