Representative:	Rebecca Louth
Organisation:	ENGIE
Date of Representation:	30.07.2020
Support or oppose implementation?	Support
Relevant Objective:	N/A

#### Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

Support this MOD as it aims to target MPRN's which have not been transferred to Class 1 where the MPRN meets the criteria.

We believe this will have a positive impact on UIG across the industry as the sites affected take up such a high portion of the overall percentage of UIG across the industry.

#### Self-Governance Statement: Please provide your views on the self-governance statement.

N/A

#### Implementation: What lead-time do you wish to see prior to implementation and why?

3 months to allow for update of systems and ensure all processes are in place.

#### Impacts and Costs: What analysis, development and ongoing costs would you face?

N/A

#### Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?

*For information: legal text for UNC Modification 0691S has been provided with UNC Modification 0708S legal text in mind. It is recommended therefore that UNC Modification 0691S legal text, if approved, is inserted into the Uniform Network Code after the UNC Modification 0708S effective date (as aligned with IGT137 timescales) of 05:00 on 24 July 2020.*

Yes

**Are there any errors or omissions in this Modification Report that you think should be taken into account?** *Include details of any impacts/costs to your organisation that are directly related to this.*

N/A

**Please provide below any additional analysis or information to support your representation**

N/A
