The previous minutes were approved.

1.2 Approval of Late Papers

There were no late papers to approve.

1.3 Review of Outstanding Actions

1201: SM to provide an update to the Workgroup following discussions with REC.

Update: Steve Mulinganie (SM) provided an update to the Workgroup following his communications with Lorna Mallen (REC) who was happy for her comments to be published. SM took Workgroup through the comments, concluding that unless all Suppliers (i.e. including domestic and non-domestic) are mandated to follow the process, it would not really work in REC. SM advised he is happy for the Workgroup to take away the comments and he will come back to the next meeting with a minded to position. The question of whether the Modification should be taken through the REC process has been answered – the answer is no. He will now go through the internal process of revising the Modification ready for the next meeting. **Carried Forward**
