

National Gas website

www.nationalgas.com

- National Gas separation from National Grid – includes technical IT separation
- Opportunity to update and improve the National Gas website:
 - > Improved structure and content
 - > Easier to navigate
 - > Better represent our values, purpose and operations – across NG Transmission, NG Metering and NG Services
 - > Add searchable library of National Gas publications, reports & documents
- We've been working on this over the past 8 months
- Expected to go-live early-mid August 2024
