

MODIFICATION 0860S

CLARIFY IMPACT OF EXIT CAPACITY HOLDINGS ON OFFTAKE RIGHTS

Reference	Explanation
TRANSPORTATION PRINCIPAL DOCUMENT	-
SECTION J – EXIT REQUIREMENTS	-
Amend paragraph 3.10.2	To define the maximum permitted rate at an NTS Supply Point of NTS CSEP by reference to the maximum rate specified in the applicable Network Exit Provisions (rather than by reference to the User's capacity holding).
New paragraph 4.2.2	To make clear that, except in accordance with the provisions of Section Q – Emergencies, the Transporter may not discontinue or reduce the offtake of gas at an NTS Supply Point of NTS CSEP other than as permitted under paragraph 4.2.1 (i.e. a failure to comply with the applicable Network Exit Provisions).
Amend paragraph 4.5.2	To make clear when submitting an OPN it should represent the User's best estimate of the expected rate off offtake.
